# A MADMAN THEATRICAL SPECIAL RELEASE EVENT

DURING SEPTEMBER IN SELECT CINEMAS AROUND AUSTRALIA, AND FOR THE FIRST TIME IN NEW ZEALAND, MADMAN PRESENTS REEL ANIME 2010, SHOWCASING 5 OF THE FRESHEST ANIME FEATURE FILMS THIS SIDE OF TOKYO.

Following the sold-out success of the 2008 Showcase, which featured *The Girl Who Leapt Through Time* and *Appleseed: Ex Machina*, this latest crop of films has something for everyone: from the rebuild of the Evangelion universe, **Evangelion: 2.0 You Can [Not] Advance.** and **Evangelion: 1.0 You Are [Not] Alone.**; the masterful storytelling of **SUMMER WARS**; the adrenaline fueled **REDLINE**; and the thrilling **KING OF THORN**.

## Evangelion: 2.0 You Can [Not] Advance.

The second film in the epic rebuild of Evangelion takes us in a frightening, thrilling and cinematically stunning new direction.

The story of Shinji, Asuka and Rei, the chosen children who fight to save Tokyo-3 from monstrous creatures known as Angels is taken in startling dimensions that are both light, and dramatically dark. Piloting the mighty Eva will demand more of Shinji and those around him than any of them are prepared for!

Features all new characters, including Mari, an Eva pilot, plus new Evangelion units.

### ALSO SCREENING:

#### Evangelion: 1.0 You Are [Not] Alone.

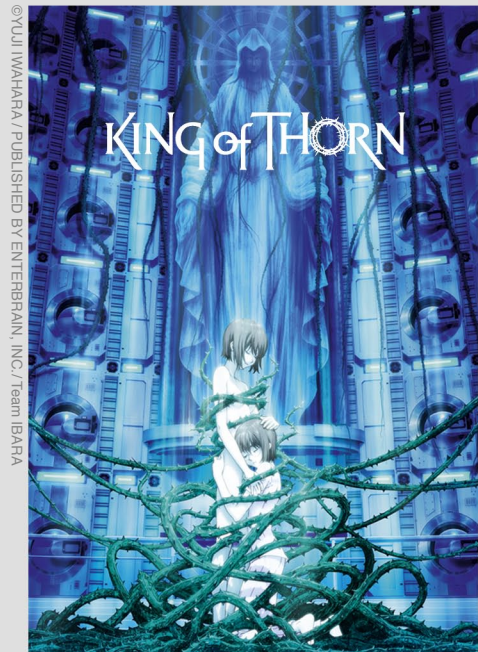

See where the bold new direction of Evangelion begins.

## SUMMER WARS

By the creators Reel Anime 2008's breakout hit, *The Girl Who Leapt Through Time*, this is a lively action-comedy with amazingly creative visuals from studio Madhouse.

Timid math genius Kenji has been asked away for a summer job with Natsuki, but his crush gets complicated when he finds out he's to pretend to be her boyfriend! Meanwhile, what can Kenji and his new family do about the bizarre hacks in the online world of OZ, which are bringing real life to a halt?!

## KING OF THORN

'Medusa', a deadly virus, becomes a worldwide epidemic. In order to escape from almost certain death, a handful of people are chosen to be put into a cold sleep, laying in a capsule housed in an ancient castle, hoping for a future cure.

Among them is teenager Kasumi who awakens, along with a few others, only to be attacked by horrifying creatures and, like Sleeping Beauty, the castle is covered with thorns!

An action horror-thriller that true to form, will keep you gripped and guessing who will actually make it out alive!

## REDLINE

A white knuckle ride to smash the senses! Redline is the biggest racing tournament with the most deadly racers in the universe. Only held once every five years, everyone wants to stake their claim to fame, while organised crime and militaristic governments want to leverage the race to their own ends.

JP is a dare-devil reckless driver oblivious to speed limits with his ultra-customized wheels named TRANSAM. Among the elite drivers, will the ultra hot Sonossee prove his undoing or can a high speed romance survive a mass destruction race?

One of the most exciting and visually inventive films in years, studio Madhouse have gone all out with the incredibly stylised REDLINE and it must be seen on the big screen!
